

DIVE ISLA BELLA

786-638-8047

REEF TRIP

Our half-day trips are designed to meet the needs of a variety of activities and ages with options for scuba divers, SNUBA® divers, and snorkelers.

NIGHT DIVE TRIP

Similar to our reef dives, just at night! We have over 30 different dive locations to choose from at Dive Isla Bella, with our premiere dive site being Sombrero Reef Sanctuary.

WRECK DIVE TRIP

Sunk in 1986 for the purpose of diving, the hunderbolt has a rich history. The wreck is rich with life and is home to a number of resident Goliath Goupers exceeding 400lbs.

Whether you are already a dive professional or a first-timer, we have the underwater activity for you at Dive Isla Bella. From day and night trips to over 30 different dive sites including Sombrero Reef and Coffin's Patch Sanctuaries, to refresher courses and certifications, take advantage of some of the best diving in the world during your stay.

RESORT COURSE

This is the one-day solution to not being a certified diver. Get acquainted with your scuba equipment during our 4-hour pool/classroom session, then be guided by your instructor to the reef for a shallow reef dive.

REFRESHER COURSE

Has it been more than two years since you've been diving? Our Refresher Course is very thorough without compromising too much of your very valuable vacation time.

OPEN WATER CERTIFICATION

Our theory is to teach you to rely on your ability, not fancy equipment. We teach PADI, NAUI, and SSI, and can complete any Universal referral agencies.

ADVANCED OPEN WATER

The traditional schedule for an advanced class consists of 3 core dives: Navigation, Deep, and Night, with 2-3 electives chosen from fish identification, search and recovery, peak performance buoyancy, underwater photography, and hunting.

MARGARITA RELAY BIKE RACE

Get ready for booze in a Blender that will soon render a frozen concoction that helps you hang on!

This action packed and boozy activity starts with dividing into groups - someone needs to cut the limes, gather ingredients and get them into the blender. Then it's time to get pedaling! Each team member will take turns pedaling the bike to blend a delicious Margarita, then it's time to enjoy your hard work, because it's 5 'o clock somewhere.

DOCK GOLF

Duration: Approximately 1 hour, minimum 20 people

Imagine a driving range that's endless into the Atlantic Ocean and then imagine being eco friendly to the environment at the same time! Welcome to our Dock Golf activity which includes ecological and biodegradable golf balls that contain fish food in its core, making it perfect for our marine environment.

Activity includes golf equipment and beverage cart with beers and seltzers, select liquor, sodas, water and a charcuterie or vegetable display
